

I verify that I am purchasing alcohol from The Organic Alcohol Company (“the Company”) for the manufacture of patent and proprietary medicines, tinctures, food products, extracts, toiletries, perfumes, and similar products, which are not susceptible of use as a beverage, but which contain alcohol as one of their ingredients. I promise that the alcohol which I purchase from the Company **will not be sold or used to manufacture any product intended for consumption as an alcoholic beverage** by myself or by any other person or business entity.

I understand that it is a violation of Iowa State Code (123.52) for me to sell or to use this alcohol in a product that is for consumption as an alcoholic beverage. I agree to indemnify and hold harmless the Company if I fail to abide by this agreement, and I will pay all costs of defense, including attorneys fees and court costs, if the Company is subject to legal action as a result of my failure to abide by this agreement.
